TUCK'S POST CARD

CARTE POSTALE

(For Address Only)

The Terrace Walk and Vane Hill.—The abundant and luxuriant sub-tropical foliage here is a pleasant surprise to visitors from other parts of Great Britain, who never imagined that such delicate trees, plants and shrubs would flourish in our country. They have all the freshness and quality of those of Italy and of the Riviera, and are evidence of the equable climate of Torquay and of the mildness of its winters.
